#### ***Covina Irrigating Company (CIC)***

Covina Irrigating Company (CIC) is the primary water provider for the City of Covina. CIC's water supply is obtained from the Main San Gabriel Groundwater Basin and from the San Gabriel River. For more information about this water supply, [click here for the 2011 CIC Annual Water Quality Report](#) .

#### ***Three Valleys Municipal Water District (Three Valleys)***

Metropolitan Water District of Southern California (MWD) serves as the City's back-up water supplier. MWD's primary sources of water are the Colorado River and Northern California. This water is provided to the City through Three Valleys. For more information about this agency or the water they provide, visit [www.threevalleys.com](http://www.threevalleys.com) .
